

Dr. Harry Propst devoted his life to the practice of medicine and the opportunity to serve all who required his surgical skills, without regard to their station in life. To Dr. Propst, each patient was a gift from God. Dr. Propst understood the role of a hospital in the

overall health of a rural community, as the place to go for injury and illness, as well as an employer and collaborator with the local education system and local government. Therefore, he freely volunteered his time and wisdom as Chief of the Medical Staff and a member of the Board of Trustees of Wayne Memorial Hospital for more than 43 years from his initial appointment in 1957 until his death in 2001.

The Harry D. Propst, MD, Sporting Clays Invitational enters its 12th year. As always, funds raised will be used to support the provision of the highest quality healthcare services possible throughout Wayne Memorial Health System. Wayne Memorial Hospital's new 85,000 square foot Patient Tower—housing 50 private patient rooms is near completion. The new wing includes a state-of-the-art nurse call system, whiteboards that display the names of providers entering the room and TV sets with apps ranging from NetFlix to patient education. On June 5, 2019 the first patient was welcomed to her private room on the 4th floor while the new Same Day Recovery unit opened on the 2nd floor. The 3rd Floor was ready for patients soon after, opening on June 11th. Various areas in the existing space have also been renovated. The main floor will soon have a modern look as updated flooring is installed and an enclosed pedestrian concourse connecting the new lobby to the previous lobby area and Emergency Department is fabricated. The celebration culminates on September 7th with a Community Open House. Facility improvements and continuous commitment to exceptional patient care will set the stage for Wayne Memorial Hospital's Centennial in the year 2020. Please consider supporting our Clay Shoot and our hospital by donating, participating or volunteering in this year's event.

DIRECTIONS

From Wayne Memorial Hospital
To Catskill Pheasantry
374 Neer Road, Long Eddy NY 12760
(845) 887-4487
