

Harriet Loizeaux, MSN, FNP-BC, Family Nurse Practitioner

Education and Training

- Board Certified Family Nurse Practitioner
- Graduate of SUNY Binghamton Family Nurse Practitioner Program
- Member of the American Association of Nurse Practitioners
- Member of American Public Health Association
- Medical Officer for the U.S. Navy

As a Family Nurse Practitioner, Harriet Loizeaux, MSN, FNP-C treats patients from age 5 to adult for a complete range of services including diagnosis and treatment of acute and chronic conditions.

Harriet is also a “Lyme Literate” provider for which she sees adults as well as children over the age of 8. She has treated numerous patients in various stages of Tick-Borne Disease (TBD) over her more than 25 year career. She served as the Supervisor of Communicable Diseases for the New York State Department of Health where she received formal training specific to TBD. Her role included testing, diagnosing, reporting and follow up on diagnosed cases. She was also responsible for statistical trending in epidemiology.

Harriet Loizeaux is a native of Plainfield, NJ. She is a veteran of the U.S. Navy, having served active duty during the Gulf War treating retirees, active duty personnel and their dependents. She worked in private practice in Kerhonkson, NY for 20 years. She joined the Wayne Memorial Community Health Centers in 2014.
