

Larryl Damon, DO, Pediatrics

Education and Training

- Doctor of Osteopathic Medicine, Philadelphia College of Osteopathic Medicine
- Pediatric residency, Goryeb Children's Hospital/Atlantic Health in Morristown, NJ
- Bachelor of Science degree in Biology, Albright College, Reading, PA

As a pediatrician, Dr. Damon sees patients from birth to age 18. He provides diagnosis and treatment for the full spectrum of illness as well as monitors childhood growth and development, performing yearly routine physicals and administering childhood immunizations.

Dr. Damon uses a collaborative approach to maintain the health of his patients by working closely with parents and guardians to provide preventive primary care. He joined WMCHC in 2020.
