Walid Hassan, MD, has been practicing interventional cardiology for more than 25 years throughout the U.S. and worldwide. He has been the Director, Cardiovascular Center of Excellence at the International Medical Center (Mayo Clinic Care Network) in Jeddah, Saudi Arabia for the past 7 years while also serving in the role of a consultant cardiologist in Reston, VA and Houston, TX. Prior to that Dr. Hassan practiced at the King Faisal Heart Institute in Saudi Arabia for 10 years where he ultimately served in leadership roles including Head of Adult Cardiology and Director of Cardiac Catheterization and Intervention. He has been a visiting Medical Professor in over 20 countries and authored in excess of 670 medical publications and presentations.

In addition to cardiac catheterizations and percutaneous coronary interventions, Dr. Hassan also performs pacemaker and defibrillator placement as well as diagnostic and interventional peripheral vascular procedures at the Heart & Vascular Center.
