Dr. Jeffrey Mogerman, who joined Wayne Memorial Hospital's Medical Staff in 2010, is a highly qualified orthopaedic surgeon specializing in both non-surgical and surgical treatment of musculoskeletal conditions. After earning his Bachelor of Arts from the University of Rochester, New York, he received his Doctor of Medicine from the State University of New York at Buffalo, where he also completed his Orthopaedic Surgery residency.

As a Fellow of both the American Academy of Orthopaedic Surgeons and the American College of Surgeons, Dr. Mogerman brings extensive expertise in shoulder, hip, and knee conditions, performing procedures including joint replacements, rotator cuff repairs, and ACL reconstructions. Patients can receive treatment at his orthopaedic center in Waymart, with surgical procedures performed at Wayne Memorial Hospital in Honesdale.
