Wayne Memorial Hospital

Dr. Samir B. Pancholy is a nationally recognized interventional cardiologist and the President of North Penn Cardiovascular Specialists in NEPA. With more than three decades of experience, he brings advanced expertise in cardiovascular care, specializing in interventional procedures and innovative transradial techniques. Dr. Pancholy also serves as Program Director of the Cardiovascular Diseases Fellowship at The Wright Center for Graduate Medical Education and is an Associate Professor of Medicine at The Commonwealth Medical College.

A leader in his field, Dr. Pancholy has been honored with numerous awards, invited to speak at major national and international cardiology conferences, and has authored extensive research that has helped shape modern interventional cardiology. His work includes participation in landmark clinical trials, contributions to textbooks and guidelines, and editorial roles with respected medical journals. Patients benefit from Dr. Pancholy's commitment to evidence-based care, clinical innovation, and compassionate treatment. His dedication to education, research, and patient outcomes continues to elevate cardiovascular care and prevent heart disease close to home.
