

UPDATED VISITOR POLICY

Hospital Inpatients

Visitors are allowed in these circumstances, effective June 17, 2020.

- | | |
|--|---|
| • Non-COVID-19 medical/surgical patients | 1 healthy and designated visitor |
| • Labor & Delivery, New Beginnings | 1 support person |
| • Infant/Pediatric patients | 1 set of parents or authorized representative |
| • Non-Covid-19 Patient in an end-of-life situation | 2 healthy and designated visitors |
| • Covid-19 Patient in an end-of-life situation | 2 healthy and designated visitors – must be able to wear required PPE (personal protective equipment) |
| • Patient who requires informed clinical-consent | 1 designated person essential to care |
| • Patient who needs discharge support | 1 healthy and designated visitor |
| • Hospital Outpatient Procedures | 1 healthy support person |
| • Emergency Department | 1 healthy support person |
| • Inpatient Rehabilitation (Good Shepherd) | 1 healthy person at a time |
| • Swing Bed Patients | 1 healthy and designated visitor |

All visitors must follow these guidelines for infection control

- Visitation hours (where allowed) 9am to 6pm
- COVID-19 in end-of-life situation: patient visitation may be more restricted in time allowances
- No visitors under 18 years of age with exceptions
- Visitors will have their temperature taken and be screened upon entry to the hospital
- **Visitors must wear a face mask inside the hospital**
- Visitors are allowed to stay in the patient’s room only and should not visit any other areas of the hospital

Visitor Restrictions in these areas

- | | |
|-------------------------|---|
| • Intensive Care unit | No visitors except in special circumstances |
| • Same-Day Surgery | 1 healthy designated visitor restricted to waiting/recovery areas |
| • Wayne Woodlands Manor | No visitors except in end-of-life situations |

MAIN ENTRANCE CLOSSES AT 6PM

THANK YOU FOR YOUR COOPERATION.
STAY SAFE - WASH HANDS FREQUENTLY
