

Bring it on — the good ol' days!

The Wayne Memorial Health Foundation held its annual golf tournament last year, but with no banquet or other indoor activities due to COVID-19. We cannot thank enough all those who joined us on the greens knowing full well there would be no refreshments or a meal at the end of the day. This year, we are pleased to be able to offer an open bar and an in-house buffet.

We would also like to express our appreciation for our healthcare front-liners. Wayne Memorial's doctors and other clinical providers, along with Administration, Ancillary and Facility Services departments, Human Resources and Public Relations created and carried out policies and procedures to help keep our patients, staff and community as safe as possible.

Our affiliate, Wayne Memorial Community Health Centers also kept its doors open and served its patients throughout the pandemic.

When vaccines became available, both our hospital and the Health Centers worked diligently to offer clinics to the public.

The Wayne Memorial Health Foundation continues to raise monies to support the future of healthcare in our community. Last year, our nonprofit independent hospital, Wayne Memorial, marked its 100th birthday and the first full year of occupation in our new private-room patient tower. This year, our Heart & Vascular Center, a cardiac catheterization laboratory, celebrates five years. These milestones could not have happened without the support of individuals like you and the companies many of you represent.

This summer, we welcomed a new on-site service, Nephrology, with Zaima Choudhry, MD, and anticipate broadening our clinical offerings even more in the future—with your help.
