Urogynecology deals with the diagnosis and management of disorders of the muscular pelvic floor in women. *Dr. Plucknett* has extensive training in surgical and non-surgical management of conditions such as bladder and prolapse related symptoms.

In addition, she has many years of experience in hormonal therapy, helping individuals find relief from imbalances related to menopause, adrenal fatigue and thyroid disorders.

Dr. Plucknett is an active member of Body Logic, a network of physicians who specialize in Natural Bioidentical Hormone Therapy, and the American Academy for Anti-Aging Medicine.

Dr. Plucknett, who has been practicing medicine for more than 30 years, will also offer hours at Wayne Memorial Hospital.
