Dr. Karen Paczkowski is board-certified with advanced training in cardiology and internal medicine. With over a decade of experience as a hospitalist and clinical instructor across Central and Northeast Pennsylvania, she has mentored many aspiring physicians and contributed to the education of future healthcare professionals. Before joining Wayne Memorial Hospital, Dr. Paczkowski worked with the Lehigh Valley Health Network in Scranton, where she advanced cardiology services. She is particularly excited about collaborating with Melissa Colarossi and looks forward to seeing patients together. Their combined expertise is set to elevate the standard of care and provide personalized treatment plans tailored to each patient's needs.

Dr. Paczkowski is dedicated to creating a welcoming environment where patients feel comfortable discussing their health concerns. With her extensive experience and genuine enthusiasm, Dr. Paczkowski is eager to make a positive impact at Wayne Memorial Hospital and help patients achieve optimal heart health.
